Math 112				x 4	
Chem. 221				x 4	
Chem. 221 lab				x 1	
Chem. 222				x 4	
Chem. 222 lab				x 1	
Physics 141 (or 151)				x 4	
Physics 142 (or 152)				x 4	
TOTAL:					

*To figure g.p.a. for biology major only: Multiply quality points x credit hours for quality-point ratios, and divide quality point ratio total by total number of hours attempted.

*A student must have 128 academic semester hours to graduate, plus required physical education hours.

*A "C" average is required in student's major. All courses for Biology degree must be taken for a letter grade.

*BIOL 497R does NOT count toward the Biology degree, but may be counted as an elective to meet the 128 hours needed for Emory graduation requirements.

*BIOL 499R does count toward the Biology degree; however, only 4 credits may be applied toward the Biology major as elective credit.
